

# McKay's Superior Automatic Water Softener Twin FB Series

McKay's  
ESTD CO. 1927

Celebrating 97 years!

## OVERVIEW

Twin Digital Metered System FB Series ensures a continuous supply of soft water with a service flow rate of 28 GPM and the ability to switch between dual tanks. When one tank is depleted, the other seamlessly takes over, maintaining a round-the-clock soft water system. This system features a pre or post-treated water regenerant refill, a dependable DC Drive, and the capabilities to perform backwash and brining tanks for tanks of up to 21" in diameter. Assembled using NSF-certified components.

## WATER SOFTENER BENEFITS

Smooth Hair and Skin

Enhances the effectiveness of soaps and detergents

Say goodbye to hard water spots

Uninterrupted soft water

Reduce scale buildup on fixtures, appliances, and plumbing

Maintain the vibrancy and longevity of your clothes

Reminder for maintenance

- 120,000 Grain 

*Pricing includes installation, removal of old unit, and a 54 month warranty.  
Sizing information may differ based on the hardness of your incoming water.*

## BUNDLE & SAVE

Save when you buy a whole home system (water softener + Reverse Osmosis or water softener + Carbon Filter or water softener + PFAS Filter) to enjoy purified drinking water and soft household water.

Reverse Osmosis

- Tested and trusted to reduce impurities
- Faster flow rate to deliver the best clean water quickly
- 3, 4, & 5 stage availability to fit various water treatment needs

Whole House Carbon Filter

A whole-house filter system treats all water traveling to any faucet or fixture in the home. It removes impurities, chlorine, chloramines, and improves taste & odor.

PFOA/PFOS Filter

- Removes Lead, Cyst & PFOA/PFOS
- PIONEER™ is specifically designed at a 0.5-micron nominal filtration level, to remove both **particulate and soluble lead** from your drinking water.
